Concerning Coronavirus (COVID-19)

To our current guests that have already booked with us and those of thinking of booking:

We are all concerned about this virus and we do understand your concerns. We are implementing additional processes to help protect the safety of our guests and team members. Please know your safety and well being is of the utmost importance to us. We are closely monitoring the Health Canada, the Centers for Disease Control (CDC) and the World Health Organization (WHO) statements regarding the COVID-19 cases and following guidelines from these agencies and the local health departments.

We want our guest to know that we have always been vigilant about our cleanliness. Since COVID- 19 we have stepped up our cleaning procedures to ensure that all surfaces are well cleaned. Our cleaning staff has always used Lysol disinfecting spray on all surfaces since we opened.

Our cottages are well separated from each other and are located in a rural area in the small quaint village of New Edinburgh, Nova Scotia, a place where you can experience a vacation away from the crowds.

If guests have questions or concerns, we ask them to please contact us directly.

Yours truly,

Jacques
